WVLX Market Report Store Sale - 17th June, 2021

Yarding: 3,989

The store sales in Mortlake continue to go from strength to strength with the June Store Sale no exception. Agents yarded just shy of 4000 head of cattle that met strong demand.

It was probably the dearest sale for grown steers that we've seen here in Mortlake, with the best of the grown steers topping out at nearly \$2700ph. The ideal weighted feeder steers that were weighted between 400-500kg fetched 490-530c/kg, which was a massive result for vendors.

Weaner Steers were also dearer than last month, with the top end of the weaners making between 530-600c/kg for weights around 340-430kg. The lighter steers closer to 200kg topped out at 730c/kg.

Heifers also sold to a very strong demand with the tops of the grown heifers making \$2310ph. Feeder heifers made between 450-500c/kg, while the best of the weaner heifers changed hands for between 550-630c/kg.

Cows & calves saw the tops reach a high \$3150 for Angus Heifers with calves at foot, while the best of the F1 and Friesian steers made between 380-430c/kg.

All in all an outstanding result in the yards at Mortlake, and our congratulations once again to the vendors for a great line-up of cattle.

Market Report: WVLX Agent's Association President, Matt Baxter
